Episode 119 – Women-owned Farms

1. What is the location for this segment of America's Heartland \_\_\_\_\_,  
(city or town)  
\_\_\_\_\_  
(state)

Develop a report on women farmers using this America's Heartland segment as an example. Also employ information from the Census of Agriculture, National Agricultural Statistics Service, Economic Research Service or your land grant university research.

Answer these questions:

“Are the number of female farmers increasing or decreasing?”

“How does this farm or other women-owned farms differ from the image of traditional farms?”

“Do women employ any unique techniques or practices in their operations?”

“What creative markets for additional income exist with small farms owned by women?”
